PROFILE

- I am a motivated and detail-oriented Computer Science and Technology diploma student with a strong foundation in programming and software development. Proficient in C, Python, and Java, I enjoy solving logical problems and building efficient, scalable solutions. With a passion for learning and a clear goal of becoming a Software Engineer, I am eager to contribute to innovative projects and grow within a dynamic and collaborative development team. I am committed to continuous improvement, adaptable to new technologies, and ready to take on challenges that help shape my future in the tech industry.
